- **Tool Type:** Universal cable stripper.
- **Cable Compatibility:** UTP, STP, multi-conductor; round and flat.
- **Cable Diameter Range:** 3.2 to 9.5 mm.
- **Depth Adjustment:** Adjusting screw.
- **Mechanism:** Spring-loaded with locking slider.

Description

The equip® 129407 is a universal cable stripping tool for UTP, STP, and multi-conductor cables with outer diameters from 3.2 to 9.5 mm. One tool, one workflow — covering practically every network cable in your bag.

Dial in the exact stripping depth with the integrated adjusting screw, then let the spring-loaded handle do the work. Clean jacket cuts every time, no nicked conductors, no slowdown when you're crimping cable after cable on site.

Built for network installers prepping Cat.5e, Cat.6, and Cat.6A patch cables in server rooms, network closets, and field deployments.
