2-Megapixel Day/Night PoE Outdoor Network Camera

The LevelOne FCS-5042 is the perfect solution for day/night surveillance installations such as school campuses, railway stations and parking lots. The bullet network surveillance camera features a 2-megapixel lens with 10x optical zoom, and is housed in an ultra-secure IP66-rated weatherproof casing. High power infrared LEDs (30m) give the camera excellent visual performance at night, coupled with 3DNR (3-Dimension Noise Reduction) and WDR (Wide Dynamic Range) which produce highly reliable, crystal-clear images under any conditions. It also equipped with a BNC connector for attaching the camera directly to an analog monitor, IR-cut filter, a built-in Micro SD/SDHC card and 10 motion-detection zones. The device also offers flexible installation, supporting three power options (12 VDC/24 VAC/PoE) and a mounting bracket. The FCS-5042 is an absolutely premium choice for reliable and high performance surveillance.
