

KVM-0290 Version: 2

2-Port USB HDMI Cable KVM Switch

The KVM-0290 is a 2-port USB HDMI switch for home or small office use. The switch allows computers from a variety of operating platforms to connect to a single user-interface including a mouse, keyboard and monitor. Featuring keyboard hotkeys, the switch makes it easy to switch between computers and software with a single button push. The device also supports video resolutions up to 1080P, as well as HDCP and High-Bandwidth Digital Content Protection. Furthermore, it provides auto-scanning features. The KVM switch is easily installed with Plug-and-Play capability, and powers itself through the USB connection. The device is manufactured with all cables pre-attached, so is ready for use straight out of the box, making it a very handy addition to any office.
